NURSES TRAINING ACCELERATED -- Rome, Bollettino Danubiano, 22 Feb 51

The Warsaw government has increased the number of special and accelerated courses for nurses and hospital attendants. The Six-Year Plan provides for 30,000 trained nurses, but only 1,000 Class I nurses and 3,500 Class II nurses have been graduated so far.

The reason for the intensified nurses training program is to eliminate nuns from the hospitals and to provide a reserve of hospital personnel in case of war.
